

Making Life Easier, one Bit at a time.

COMPANY PROFILE

Innovative Software Solutions
Automating Business & Enterprise Operations

Nairobi, Kenya | 2026

We are a passionate team of problem-solvers based in the heart of Nairobi, Kenya. At Bitnova Technologies, we believe technology should simplify life — not complicate it. We combine cloud computing, blockchain, and deep real-world insight to build scalable, intuitive solutions that help businesses, schools, and entrepreneurs save time and grow faster.

It all started with a shared frustration — watching businesses and everyday entrepreneurs struggle with outdated systems while the world moved faster around them. We knew there had to be a better way. So we rolled up our sleeves and began building practical, intelligent tools that actually work in the real world.

Our Mission

To advance human and enterprise productivity through intelligent technological automation, and to become the best provider of cutting-edge information systems and decentralized applications.

Our Vision

To lead in designing and developing scalable information systems using the latest technologies — making Bitnova the go-to tech partner across Africa and beyond.

Why Choose Bitnova?

- Distinctive experts delivering effortless, world-class expertise
- Experienced professionals driving enriched, measurable outcomes
- Creative, wide-ranging thinking that breeds exceptional ideas
- Real-world solutions focused on delivering tangible, lasting results

- Deep knowledge of state-of-the-art technologies including AI, cloud & blockchain
- Results-driven culture — we commit, we deliver, every time

We design practical, integrated tools tailored for Kenyan businesses and global clients alike — from enterprise-grade platforms to smart consumer apps.

Bitnova ERP

Full Enterprise Resource Planning: Finance, HR, Inventory, CRM, Sales & Procurement in one system.

Bitnova Hybrid POS

Modern POS with M-Pesa, Airtel Money, PayPal, Stripe & KRA eTIMS. Kitchen display & delivery tools.

Bitnova Schools

Complete school management: admissions, academics, attendance & timetables.

Bitnova Framework

Premium UI toolkit for Windows Forms (C# & VB.NET). 30+ modern components, lifetime updates.

BitMall

One-stop e-commerce marketplace platform for modern online retail.

Bitnova Pay

Reliable, secure payment gateway solutions for businesses.

Julisha Messaging

Bulk SMS, WhatsApp & Email communication platform.

Bitnova Writers

Professional academic writing & plagiarism-free assignment services.

Bitnova Bot

Intelligent trading bots for improved performance & profitability.

WiFi Billing System

Hotspot & WiFi billing management for businesses & ISPs.

From retail shops to large enterprises — we help you automate, streamline, and scale.

Real-World First	We don't build for the sake of tech — we build what solves actual problems.
Effortless Expertise	Complex behind the scenes, beautifully simple for you.
Human-Centered Design	Wide-ranging ideas meet practical, intuitive execution.
Local & Global Ready	Deep M-Pesa, KRA eTIMS integration for Kenya; scalable for global markets.
Genuine Support	We go beyond 'open a ticket' — your success is our success.

WHAT OUR CLIENTS SAY

"Bitnova delivered a custom solution that exceeded our expectations. Professional, fast, and genuinely results-oriented."

— **International Client, United Kingdom**

"The team truly understands business challenges. Their POS system completely transformed how we operate day to day."

— **Retail Business Owner, Nairobi**

"Incredibly talented developers with a great eye for detail. The project was delivered ahead of schedule — remarkable."

— **Software Buyer, United States**

We'd love to hear about your project or business needs. Whether you're a growing startup, an established enterprise, or a developer looking for powerful tools — we're here to help.
